Mr. Wm. Poillon,

New York City.

My dear Mr. Poillon:

I would respectfully request that the name of Dr. Andrew D. Baird, President of Manitoba College, 247 Colony Street, Winnipeg, Manitoba, be presented for corresponding membership in the American Numismatic & Archaeological Society of New York. I know of no one in America who is doing better work for the cause of Numismatics than is Dr. Baird through his lectures on historical subjects, which he illustrates by ancient, mediaeval and modern coins, and he is one of the few students of ancient and mediaeval coins in our country. Dr. Baird has a large collection himself and is actively engaged in adding to it. I have reason to believe that he would highly appreciate his election to membership, and hope your Executive Committee will act favorably in his case.

Yours truly,

Thos. L. Elder.

Dear Dr. Baird:-

Possibly you remember that when you were here sometime ago, you told me that, if I would send you a list of the Canadian coins in the Society collection, you might be able to fill in the gaps out of your duplicates, and since that time I have been so much occupied that I have been unable to prepare the list until now, and I enclose it herewith.

Hoping that we may some time in the near future again have the pleasure of seeing you here, and with kindest regards, I am,  
Very sincerely yours,

Mr. Bauman L. Belden,

New York, N. Y.

Dear Mr. Belden,-

I have checked over the list of Canadian coins which  
you sent to me a few weeks ago, and I find that I am able to  
send you 75 specimens, some of which are not in your collection  
and others are in better condition than those in your list.  
The parcel goes forward today <sup>by mail</sup> / under separate cover and I hope  
you will find the coins useful in improving your Canadian  
collection.

I am,

Yours truly,

Andrew Baird

Dear Dr. Faird:-

I desire to thank you, on behalf of this Society, for the Canadian coins and tokens which you so kindly sent us, and which arrived in good shape a few days ago. These fill in a good many gaps in our collection, and we are very glad indeed to have them.

With kind regards, and hoping that we may have the pleasure of seeing you here again sometime in the near future, I am,

Very sincerely yours,

Director.

Dear Sirs

Your publication The Coinage of Metapontum is received and I  
thank you for it - The coinage of this city has a character entirely  
its own and I find Mr. Noe's study extremely interesting -

I am Yours Truly
